NEW PRESIDENT TO BE NAMED

United States Authorities Believe Carranza will Support Him.

BRYAN ENCOURAGED.

Looks as Though War Cloud is About to Vanish—Believed Fleet Will Soon Return to Home Waters.

Washington, June 13.—That the new provisional President of Mexico, who is to be aided by the South American-United States combination to bring order out of chaos, will be selected almost immediately was believed certain here today.

The substantial progress already made at Niagara Falls has encouraged the belief that by the middle of next week Huerta will be out and the task of restoring order begun.

The Administration is absolutely confident Carranza will agree to the tentative plan backed by this Government, and that fighting will end as soon as Huerta has formally turned over the Presidential authority to the provisional government that is to be named by the mediators and the commissioners now in Canada.

While it is admitted that some unexpected development, or a fit of stubbornness on the part of Carranza might disrupt the program, this Government is extremely hopeful nothing of the kind will take place.

It is claimed that all Mexicans, even those of the Villa type, are tired of the constant strife. The country is said to be ripe for peace, and is expected to frown on any leader who puts obstacles in the way of restoring order.

EMERSON PROPERTY SOLD.

Buildings and Machinery Bring $27,500 at Auction Yesterday.

The total amount of the bids for the property of the Emerson Engine Company which was sold at public auction yesterday was $27,500, and it is thought that there will be no question of the court confirming this sale as it is nearly $13,000 higher than the price offered a month ago when the property was first put up at auction. The commissioners will ask Judge Thornton to confirm the sale.

NEWS OF THE DAY

One person is dead and many injured as a result of a terrific electrical storm that swept Moundsville, W. Va., Thursday night, destroying twenty-three cottages and damaging scores of other buildings. The property loss was $40,000.

That the income tax law has failed by $23,250,000 to raise the amount of money estimated by the Democratic tariff makers during the first ten months of its operation was admitted yesterday by Secretary of the Treasury McAdoo in an official statement. It was estimated that it would bring in $54,000,000. The assessments are only $30,750,000.

Sante Fe passenger train No. 4, east bound, leaving Los Angeles at 1:10 p. m., was wrecked at Bagdad, a small station midway between Barstow and Needles, at 7:45 o'clock yesterday evening and reports give the number of dead from "a few to twenty passengers." No. 4 was heading in on a side track and crashed into an engine.

Amid frantic applause by the members of the left and the extreme left, in the French chamber of deputies today, the ministry of Alexandre Felix Ribot, wihch was formed only Thursday to succeed that of Gaston Doumergue, was defeated in a vote on its declaration of policy, and then given a vote of lack of confidence. Premier Ribot and his ministers immediately picked up their portfolios and left the chamber to present their resignations to President Poincare.

Greeks are calling for a declaration of war against Turkey because of atrocities committed upon Greek citizens in Turkish territory, and a vigorous note has been forwarded to Constantinople by the Greek government. Feeling has been aroused to such a pitch that another Balkan war may follow. Premier Venizelos, in addressing the Chamber of Deputies yesterday, sounded a solemn warning that war undoubtedly would follow if the Turks did not cease their persection of Greeks.

By a larger margin even than that which prevailed when the original measure was passed March 31 last, the House yesterday accepted, by a vote of 261 to 71, the amendment which the Senate on Thursday added to the Panama Canal "free tolls" repeal bill. Many members, including Representative Underwood, leader of the Democrats, and Representative Mann, leader of the Republicans, voted for the amendment, though opposed to the main proposition of the bill.

Representative M. M. Neeley, of West Virginia, yesterday in the House brought charges of impeachment against Judge Alston G. Dayton, of the Northern district of West Virginia. Neeley demnaded an investigation by the judiciary committee of his charges of "high crimes and misdemeanors" against the West Virginian.

Five of eight persons who were shot Wednesday night at Neon, near Whitesburg, Ky., by William Day, a mountaineer, are not expected to recover. Victor Stampher, one of Day's victims, died shortly after being shot and Day himself was killed by a posse that pursued him to the mountains. Day resisted arrest on a minor charge, broke from the officers, and, running to his home, obtained a shotgun and a supply of shells. He then returned to the main street and opened fire upon a crowd of men and boys.

Four State banks, the most important having for its president William Lorimer, unseated from the United States Senate, were closed by the State Banking Department in Chicago yesterday. Representatives of the department immediately began a close examination into the institutions' affairs. Rumors are current that a receivership will be asked.

A determined attempt was made by militant suffragettes yesterday morning to burn the ancient Church of St. Margaret's at Chipstead, 11 miles southeast of London.

Anxiety prevails in Portland, Me., regarding the fate of three of the four balloons which started from here late Thursday in the first national balloon race ever held in the Northwest.

WENDENBURG IS AFTER MONTAGUE

Makes Attack on Former Governor and Criticises His Record.

AN APPEAL TO LABOR.

Says He Called Out Troops in Richmond During Street Car Strike Without Any Reason.

Richmond, June 13.—Louis O. Wendenburg, candidate for Congress against A. J. Montague, the incumbent, made an impassioned appeal to the voters in Fulton last night, basing his argument chiefly on the grounds that he has proven himself to be a friend true and tried of the labor interests, and that he had represented them in court without favor or price. The meeting was held in the hall of the Junior Order of American Mechanics. Mr. Wendenburg attacked Congressman Montague for the part the latter took during the famous street car strike of 1903, and called to mind the fact that he represented the strikers in court, and that he cleared four young men suspected of having spiked the street railway tracks in Fulton. Congressman Montague was Governor at the time, and Mr. Wendenburg charged that he called out the State militia without due reason, and that the troops were responsible for a killing done without cause. The speaker declared Mr. Montague has not been in Washington for ten days'. He has declined to meet me in joint debate on matters which may be of importance to the people of this district. He has neglected his duties for ten days in order to tell the people of this district what he has done for them. What has he done? "Look in the Congressional Record and see for yourselves. Congressman Montague can harlly have any special reasons for doing anything for this district. He is not a native here and to the manner born."

Mr. Montague spoke at the auditorium of the Jefferson Hotel last night. The former governor spoke for little more than an hour and a quarter.

The Speaker refrained from entering into any personalities whatever, confining himself to the argument as to why he thought his record merited his return to Congress from the Third district of Virginia, rather than that he be superseded by his opponent in the present campaign. Not once was Mr. Wendenburg mentioned and only indirectly was he referred to.

WOMAN DIES FROM BLOW.

Another Arrested for Administering Fatal Injury.

Baltimore, June 13.—Mrs. Mary Thomas, 54 years old, died yesterday afternoon at University Hospital, supposedly from a broken head, which she sustained in a fight in the kitchen of 808 West Pratt street on May 18. Mrs. Thomas unil the day of her injury boarded at 507 West Lombard street.

Elizabeth Stump, 28 years old, who said she lived at the Pratt street address, was arrested May 20, and accused of striking Mrs. Thomas with a hammer. The blow crushed the woman's skull. In a statement to Captain Cole and policeman of the western district, Mrs. Thomas declared she was struck by Miss Stump.

CARRIED $7,000,000 IN GOLD.

Big Shipment of Coin From Sub-Treasury Unnoted Except by Secret Service Men.

Philadelphia, June 13.—During the busiest hours yesterday there passed through the crowds on Chestnut and Market streets five wagons carrying $10 and $20 gold pieces to the total amount of $7,000,000. That meant 12 tons of the precious metal if sized up in bulk. Not one person outside of a score of Secret Service men, who were armed to the teeth, but who were apparently only ordinary citizens, knew of the tour of the immense fortune through the city's highways.

MARRIED IN MADRID.

ALEXANDRIAN DROWNED.

Frank Roberts, Well-Known Riverman, Loses His Life in Pamonkey Creek.

W. E. Bain received a letter today from W. E. Dixon, of Marshall Hall, stating that Captain Roberts, of Alexandria, was drowned last night in Pamonkey Creek where his boat was loading pulp wood for this city. The letter stated that the body had been recovered and asked that the relatives of Captain Roberts in this city be notified.

Frank Roberts was the name of the unfortuate man. He left here ten days ago, in command of the pungy "R. J. Marsh" to load wood pulp at down-the-river landings. He has not been heard from since his departure.

The deceased was 55 years old, and he is survived by two small children residing in this city.

The Washington police boat Vigilant went down the river this morning presumably to bring the body either to this city or Washington. She returned early in the afternoon without it, however.

The steamer Charles Macalester touched at this port on her way up the river at 2:15. Her officers had heard of the finding of the body of a drowned man, but their unfortunate had not identified it.

Later in the afternoon people who reached this city from the scene of the drowning reported that Roberts fell overboard and was after some difficulty rescued by parties on the pungy. He was rolled and finally taken to the cabin of the boat, it being supposed that he would revive. His death, however, followed. It is said he had been a sufferer from a weak heart.

Gwinn, acting master of Andrew Jackson Lodge No. 120, of this city. The Masonic quartette of this city, sang at the grave.

Death yesterday ended the remarkable career of Thomas Dolan, reputed to be Philadelphia's richest man. Successful in business from the time he started to make his own way, at the age of 22, he rolled up a fortune, estimated at $25,000,00. He was in his eightieth year.

$308.17 MORE... HOSPITAL FUND

Brotherhood of Locomotve Engineers Sends Contribution.

WOMAN'S NOBLE WORK

Daughter of Engineer Secures Collection of Two Cents a Week—"Tatters" Last Night.

The temperature of the thermometer on the hospital board continues to rise steadily, and $308.17, or shall we call it Degrees, were added this morning. A contribution of $212.17 was received from Misses Mary C. Brown and Mary E. Smith, which was collected from Robert Andrews Division No. 317 B. of L. E. and others. Owing to the energetic work of Miss Brown and Miss Smith, who a year ago undertook to secure contributions at the rate of 2c per week for 52 weeks, has brought the result stated above. This only goes to show how many mites added makes much. The full list of contributors cannot be published today, but it will be acknowledged later. Miss Brown is the daughter of Mr. Harry Brown, of 1013 King St., who is a member of Robert Andrews Division, No. 317, B. of L. E.

It is a remarkable demonstration, of the fact that many small collections will result in a very large sum, and if the calendar club, or any other club of 200 organized by the intelligent, patriotic and active young women of our town, would contribute 10c a week for 52 weeks over $1000 would be realized. With five such clubs the remaining five thousand dollars needed for the hospital building would readily be secured and not one who had joined such club would ever miss the amount, but would certainly contribute to a most deserving and laudable enterprise.

The Committee and community can not thank Misses Brown and Smith too heartily for their excellent work in this matter.

"Tatters" given at the Opera House last night by the Washington Dramatic Club was a decided success. The thanks of the Committee and the community are certainly due the young ladies and gentlemen who took so much pains and trouble to aid the hospital. This is somewhat remarkable owing to the fact that only two Alexandrians were connected with the company, Miss Kuhn and Mr. Hufty, violinist now residing in Washington, though a native of Alexandria, and Miss Dautch, pianist who is a Virginian but also resides in Washington.

The Committee owe their thanks not only to the Club which so generously devoted its time (and a good deal of money) to the preparation and production of "Tatters" but they are under obligations to the Washington Virginia R. R. Co., for transportation to and from Washington, Mr. J. E. Rose and Melvin Page (of the Hill Printing Co.) Messrs George E. Markell and the E. Morrison Paper Co., for material and printing and to the Dunbar Floral Co, for the palm decorations and to the same company and the Kramer Floral Co for the handsome baskets and bouquets which were presented to the actresses and the pianist: Mr. Frank Michelbach, Demaine and son who also contributed properties, in fact everybody seemed to vie one with the other in trying to contribute as liberally as possible to the success of "Tatters".

The House was well filled, although the night was extremely hot, and those who were present enjoyed themselves immensely.

The amount realized from the play has not been ascertained, but as the expenses were small and the sale of tickets large, doubtless it will add materially to the hospital fund.

Prior to the rise of the curtain Mr. A. D. Brockett, Chairman of the Executive Committee, made a short address stating what had been proposed and what had been accomplished by the committee. In the course of his talk he told of the excellent work of Miss Smith.

TROOPS WILL CAMP AT FAIR GROUNDS

Governor Stuart Wires General Sale Approving Order.

IN CAMP JULY 21 TO 30

Richmond Expects to Give Free Use of Grounds—Will Bring Three Thousand Men to City.

Richmond, June 13—Virginia troop will camp for ten days, beginning on July 21, at the State Fair Grounds just beyond the corporation limits of this city. The plans for the summer encampment, as formulated by Adjutant-General W. W. Sale, met with the approval of Governor Henry C. Stuart, and were ratified by him last night in a telegram from his home at Elk Garden, Russell County.

The site selected for the encampment is believed to be the most available one in the State, and, while it will be rather small for the purpose, the water and sewerage facilities will be ample and in addition the state will save a considerable sum in transportation of troops and camp equipage. The most satisfactory point about the selection is the positive naming of the place of concentration, and the definite fixing of the date both of which, by frequent changes, have caused inconvenience and confusion to the personnel of the militia in arranging for the necessery time off from work.

General Sale last night stated that every branch of the State service would be represented in the encampment, and that no organization would be excused. Should this plan be carried out, there will be more than 3,000 men brought here for the ten days. The militia will be augmented by regulars from Fort Meyer.

YOUNG MAN INJURED

Motor Cycle on Which He Was Riding Crashes Into a Tree.

Danville, Va., June 13—News has been received in this city that Geo. Cabell, a well known young man of this city, was probably fatally injured at New Bern, N. C., Thursday evening.

Cabell and another young man were on a motor cycle and, according to the reports from New Bern they were going at a rapid rate of speed, probably as fast as forty miles an hour and when they attempted to take a curve one of the handle bars lost control of the motor cycle, allowing it to crash into a tree.

Both of the riders were hurled to the ground and the spectators went to their assistance, expecting to find both dead. It appears that George Cabell was the more seriously injured receiving a terrible blow on his head and the first reports were to the effect that no hope was held out for his recovery. The other victim of the accident regained consciousness in a short time after he was taken to the hospital and is said to be in no immediate danger. Cabell may recover.

ROBBED BY A STRANGER

Youth Worked New Ruse, Causing Woman to Faint

New York June 13—"What a pretty cow. Will she eat grass if I pick some for her?"

A dapper, well dressed man—believed to be a city chap—thus addressed Mrs. Mary Cammera, of Mount Vernon, as she sat today in a shady meadow, watching her cow feed. Mrs Cammera regarded the stranger, and then gently told him that eating grass was one of the best things cows did.

The stranger, smiling, plucked a handful of grass, but instead of offering it to the cow, he suddenly shoved the herbage under Mrs. Cammera's nose. She took one whiff and became unconscious.

Some time later she recovered her senses. The stranger had gone, and the cow was still contentedly munching grass. Mrs. Cammera felt at her waist where she kept a bag containing $300. The bag also, was gone.

WOMEN FOLDING TENTS

Inmates of North Lee Street Resorts Shaking City's Dust From Their Feet.

Tomorrow night at midnight will witness the final evacuation of the "red-light" district of Alexandria, which for more than fifty years has existed on Lee street in the northeastern portion of the city. Chief of Police Goods today notified all of the women living in the district that the houses must be closed tomorrow night in accordance with the order which was given by Mayor Thomas A. Fisher, more than a month ago.

The action was taken by Mayor Fisher at the suggestion of Judge Louis C. Barley of the Corporation Court who came to a conclusion that the houses must be closed following the passage of the Kenyon bill in Washington. Conditions had become so bad in Alexandria, due to the influx of male visitors from Washington to Alexandria's district, as to cause serious inconvenience to the passengers on the electric cars between the two cities.

Chief Goods stated today that he did not think that there would be any trouble in closing the houses. A number of the women have already left the city and others were busy packing their belongings today. Police will be stationed in the district tomorrow night to see that the orders are carried out.

Mrs. E. L. Robertson, secretary of the National Florence Crittenton Mission, who made a census of the inhabitants of the district at the request of Judge Barley, has offered to provide homes for any of the women who wish to accept her offer, but it it is said that there will be very few who will do so.

Some houses in the segregated district in which nocturnal revels have been carried on almost as far back as the recollection of the oldest inhabitants have become as Tara's Hall, and others will within a few hours be tenantless.

During the past half a century such resorts have been segregated, the northeastern section of the city being Alexandria's White Chapel. Almost as soon as any questionable house was established elsewhere the authorities have pounced upon proprietress and inmates and they were kept moving until eventually they have taken up their abode in the tolerated district.

Long before the civil war this same neighborhood bore the stigma of the scarlet woman, and many of her votaries infested what was known as "Clay Hill," the extreme northeastern section of the city, and "Blackdog Alley," in the square bounded by Lee, Union, Duke and Prince streets.

The latter was cleansed many years ago, but when the civil war began an army of lewd men and women followed the soldiers to this city. They roosted in every section, some of which now form the residential neighborhoods, where the most disgraceful orgies were conducted. There were five brothels on Prince street, between Royal and Fairfax, and equally as many more on Prince street, between Lee and Union, and on Wolfe street, between Fairfax and Royal.

At that time more such resorts were in the western section than in any other portion of the city, especially on West street. Numbers were on King street also, while concert halls, free-and-easies, and similar places were situated in different places.

At the close of the war the work of eviction began, and in a few years the undesirables gradually took up their abode in the most undesirable quarter of the city, where they have remained until their nests have been disturbed by the orders of the court.

GRAND ARMY ENTERS PROTEST.

As has been expected, the burial with full military honors of Thomas Findley, a former Confederate soldier, at Arlington National Cemetery on Thursday, is being protested against by members of the Grand Army of the Republic.

President McKinley, in an address at Atlanta, Ga., opened the way for the establishment of a precedent in this matter, but until the burial of Private Findley advantage of the late President's advice had not been taken. President McKinley said in his address that full military honors should be given to all American soldier dead.

We are among those who rejoiced to see sectional hatred obliterated, and when the late President McKinley made his speech in Atlanta it sent a thrill of satisfaction through the souls of well disposed people throughout the country.

So far as the Grand Army of the Republic is concerned, we fail to see what that organization has to do with the matter. The government has surely not ignored the members during the past half a century. They have been pensioned and virtually all who wanted public positions have secured the same. Now if the representatives of the tax-payers of the country are satisfied with the honors paid other Americans, ex-federal soldiers have no right to interpose objections.

ANALYSIS OF PRESIDENT WILSON.

It is strange how often pious reflections are confused with profane speech. Last night in a hotel lobby, Mr. Wilson being the subject under discussion, a perfectly sincere political worker of influence said:

"I will give you my analysis of the President. I am a Republican, brought up in the State of Maine, and I voted for Wilson. I don't know him, never saw him but I believe in him. Both he and Mr. Taft are just men and both know the right from the wrong, and would do the right; but they look at things from a different angle. Mr. Taft is a Unitarian and believes in God, a sort of unseen and unknowable and indefinite force, the maker of this universe but not present in it except in a remote sense. Mr. Wilson is a Presbyterian and believes that he has God with him in the White House, the disposer of all events, and when he wants help and guidance in the difficult questions with which he must deal that he can go to the Almighty, ever present and all compelling in the affairs of this world, and find the right way. It does not matter what men who do not have his faith think about it nor how they may scorn the thought of Divine interposition in the affairs of men, I believe that it is all a matter of faith with the President, and, therefore that he doesn't care a rap what Congress may think about his course so long as he feels in his soul that he has the approval and direction of God in his dealing with his responsibilities. Faith, faith I tell you, in a controlling Providence and not the Baltimore platform or the decrees of a Democratic caucus, is the inspiration of the President's dealing with public questions, and without it he would have failed utterly in the things he has attempted and accomplished. It is the spirit of the Crusader and you can't beat it."

WEST VIRGINIA STRIKE ENDED

Miners Waive Recognition of Union Operators Make Grants.

Colliers, W. Va., June 13—The strike of 400 miners of the West Virginia and Pittsburgh Coal Company was declared off late yesterday, following the announcement of leaders of the miners that they would waive the demand for recognition of the union.

It was unofficially stated that the company had granted the eight-hour day, the wage scale of the United Mine Workers of America and given the miners the protection of the insurance department of the West Virginia Public Service Commission.

The miners, it was said would abandon the camp they have maintained near the mine since last September and those who are still here would return to work.

CONVICTS KILLED IN RIOT

Shot Down By Spanish Troops After Murdering Jail Governor.

Gerbes, France, June 13.—A jail governor was assassinated and a large number of convicts killed or wounded as a result of a revolt Thursday in the Spanish prison of Figueras, just over the frontier line in Catalonia.

The convicts took advantage of the absence of most of the prison guards, whose attention had been attracted by a procession outside the jail in celebration of the religious festival of Corpus Christi. They seized the governor and beat him to death. They then broke into the store of arms and ammunition and attempted to escape.

Detachments of troops and armed wardens were quickly on the scene and fired upon the fleeing convicts, who replied with rifle volleys. Fierce fighting ensued within the prison inclosure before the convicts were mastered.

DON'T BE MISLED

Alexandria Citiens Should Read and Heed This Advice

Kidney trouble is dangerous and often fatal.

Don't experiment with something new and untried.

Use a tested kidney remedy.

Begin with Doan's Kidney Pills.

Used in kidney troubles 50 years

Recommended here and everywhere.

An Alexandria citizen's statement forms convincing proof.

It's local testimony—it can be investigated.

Mrs. M. E. Lash, 316 north Pitt St. Alexandria, Va., says: "About a year ago I noticed that my kidneys were not doing their work as they should. The kidney secretions caused my annoyance. My back was very weak and I could hardly stoop. I tried remedy after remedy, but nothing did me any good until I used Doan's Kidney Pills. They completely cured me, and since then I have had no further trouble. You may continue using the endorsement I gave at the time the cure was made."

Price 50c to all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lash had. Foster-Milburn Co., Props., Buffalo, N. Y.

PROLONGED DROUTH

Reports From Counties Contiguous To Lynchburg.

Lynchburg, Va., June 13—Reports from conservative sources from counties contiguous to Lynchburg show conditions prevailing on account of the prolonged drouth are alarming and unless there is a settled rain ere long, the farmers expect in a few limited areas, will be precluded from profiting by their usual crops this year. Such a drouth at this season of the year is unheard of. Old residents member no such conditions in the spring and the records of the Lynchburg station of the Weather Bureau which go back to 1871, tally with the "oldest resident" back that far.

Fear of famine at Vera Cruz because of failure to receive food supplies owing to the breach in the railway and the refusal of the Huerta Government to permit the rails to be replaced is giving the War Department concern.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui *to-day*.

IS INDORSE NEWBRO'S HERPICIDE FOR THE HAIR

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people.

Dr. J. J. Boyd, Covington, Tenn., says: "I feel it my duty to write this for the benefit of those suffering from dandruff. In the average case a few applications of Newbro's Herpicide will remove all dandruff. It is advisable to continue its use for several weeks."

The words of J. B. Thompson, M. D., No. 2 Burrough Place, Cor. Hollis St., Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpicide. It is all that is claimed and perhaps more. Herpicide not only cleanses the scalp but brightens the hair, gives it life and makes it soft."

Dr. T. A. Moore, Duncan, Ariz., writes of his experience: "My scalp was in places covered by patches of dry, scaly material and the itching was incessant. Since using Herpicide all these evils have disappeared and my hair is soft, smooth and growing. Hair has grown on spots before but thinly covered."

Newbro's Herpicide is "the original remedy to kill the dandruff germ" and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once.

Newbro's Herpicide in 50c and $1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at the leading barber shops. Be sure you get genuine Herpicide.

FINED TWENTY-FIVE DOLLARS.

Diapanous Woman Gets Into Trouble in Richmond.

Richmond, June 13.—A fine of $25 was imposed yesterday by Police Justice Crutchfield on Ethel Marcus, on, the young woman arrested on East Clay street, near Tenth, while clad in X-ray attire. The fine was paid.

Patrolman Wyatt, who made the arrest, said that the creation resembled a transparent bathing suit in some respects, the skirt being cut unusually short.

The woman acquiesced in the patrolman's statement and readily accepted the verdict of the court. She was more appropriately garbed later in the day.

There was quite a crowd in court to witness the hearing and it was evidently disappointed at the rapidity with which Justice Crutchfield disposed of the case.

CAUGHT BY BOGUS PACKAGE.

Man Threatened to Blow up Cunard Liner With Dynamite.

Hackensack, N. J., June 13.—Henry Joseph Burton, the New York man who was arrested on the charge of trying to extort $10,000 from the Cunard Steamship Line on penalty of blowing up the company's big liners, will be turned over to the Federal authorities.

The Hackensack police said that Burton would be taken to New York, where he would be charged with misuse of the United States mails.

Burton had threatened to place dynamite in the coal bunkers of one of the line's big ocean greyhounds unless a package containing $10,000 was dropped from the Buffalo Express on the West Shore Railroad near Bogota, N. J.

A decoy package was dropped, then the express was stopped. A special carrying detectives was following and the alleged blackmailer was caught between two squads when he tried to secure the bogus package.

The prisoner first said he was Henry Westcott, a Spanish negro, but later said his name was Henry Joseph Burton.

SNAKE IN HER STOMACH.

Farmer's Wife, Supposed to be Dying of Cancer, Disgorges Reptile.

Towanda, Pa., June 13.—Mrs. Geo. Preston, a farmer's wife, living near here, who was supposed to be dying with cancer of stomach, recently vomited a streaked snake two feet long, and as large around as a man's finger.

Mrs. Preston has been in poor health for more than two years, and was treated for cancer without any hope of recovering. She became very ill, and was given a drink of milk, followed by a cup of mustard water, which caused her to vomit.

Mrs. Preston believes she swallowed the snake five years ago while drinking from a mountain brook near her home. She remembers that something small passed down her throat at that time.

SHIP WITH 24 MEN MISSING.

Search Being Made for Canadian Steamer Montmagny.

Halifax, N. S., June 13.—No word has been received here from the missing Canadian Government steamer Montmagny, which left this port two weeks ago with a crew of 24 men. The steamer, which is in command of Captain Poulio, was last reported at Cape Race several days ago. She took on coal there and proceeded for Quebec.

Under orders from the marine department at Ottawa, all marine signal stations in the lower St. Lawrence river and the Gulf of St. Lawrence made special efforts to obtain some news of the steamer, but without success.

Hail Ruins Virginia Crops.

Luray, Va., June 13.—The worst hail storm in the history of the Valley of Virginia visited sections of Page and Warren counties Thursday. Crops that were left from a severe drought have been destroyed. Cattle were knocked down and windows shattered. Hail was piled on the ground to a depth of four inches. Apples were beaten from orchards and trees demolished.

BURNED TO DEATH.

Russell Clements, Formerly of Lynchburg, Loses His Life.

Petersburg, Va., June 13.—Russell Clements, late of Lynchburg, and about 23 years old, was burned to death by an explosion at the plant of the National Fireworks Company, in Blandford Thursday afternoon.

The young man had on the day previous applied to the manager for a job. He was accepted and yesterday morning he reported and was put to work in one of the little sheet iron houses, in which only one man is allowed to work at a time. The little house was blown to pieces by the explosion and Clements was burned almost beyond recognition.

What caused the explosion can, of course, only be conjectured, but the impression is that an iron plate or the nails in the heels of Clements' shoes must have caused a spark which communicated to the explosives.

The body of the young man is being held to await directions from his relatives.

SKIPPERS MUST BE CAREFUL.

Secretary Redfield Issues Warning to Lessen Accidents.

Washington, June 13.—Carelessness on the part of vessel captains in handling their craft will not be tolerated hereafter by the Department of Commerce.

With the recent disasters of the Empress of Ireland in the St. Lawrence river and the Old Dominion liner Monroe off the Virginia coast still fresh in mind, Secretary Redfield so indicated today in a letter to the head of the Steamboat Inspection Service, calling attention to the recent grounding of the passenger steamer Iroquois, in the Hudson river, for which the captain of the Iroquois is said to have received a 30 days' suspension of his license.

The Secretary is convinced that the punishment often meted out to vessel captains who are in accidents is insufficient for the gravity of the offense. In his letter Secretary Redfield says, in part:

"If there is no law to the contrary in the case, I should say that this captain, if he had passengers on board at the time of this accident, should have had his license suspended at least for the season on its being proved that he had run at usual speed at night in a fog."

THEFT OF TESTS STIRS.

Man Arrested And Three Girls Are Called as Witnesses in West Virginia School Scandal.

Charleston, W. Va., June 13.—State Superintendent of Schools M. P. Shawkey has started an investigation to ascertain how the questions for the teachers' uniform examination held last week became public prior to the examination.

His probe is expected to result in several arrests.

Already evidence has been found that the questions were offered for sale in Kanawha, Jackson and Lincoln counties. John Chafin has been arrested in Jackson county charged with having his manuscripts prepared in advance.

In Kanawha county Misses Julia and Sadie Lewis and Maddie Spencer were summoned before the grand jury to give evidence, but no indictments were returned. It was alleged that Julia Lewis offered copies of the questions to other teachers who took the examination.

State Superintendent Shawkey learned of the leak in Kanawha county in time to substitute another set of questions. No evidence has been secured as to how the questions got out.

The investigation will include the State printing plant and various officials who were assigned to hold the examinations. If it is shown that the questions were public generally the recent examination may be declared invalid and another held, which would cost thousands of dollars. The law prescribes a heavy penalty for any person not an examination official having the questions in his possession prior to the date of the examination.

By order of the Board of Directors, notice is hereby given that there will be a special meeting of the stockholders of the Seminole Land & Investment Company, Incorporated at the principal offices of the Company, 111 S. Fairfax street, Alexandria, Virginia, at 11 o'cock A. M. on Tuesday, June 23rd 1914, for the purpose of voting upon a resolution of the Board of Directors passed at the meeting of the same held May 4th 1914, to the effect that $152,400 of the capital stock of the corporation be retired, and that he capital stock of the Company be reduced from $550,000 to $397,600.

WONDERS OF WIRELESS.

Inventor Startles Operators With his Voice.

Norfolk, Va., June 13.—Wireless operators on half a dozen ships at sea made inquiries of Norfolk Thursday as to who was talking over a wireless telephone. They picked up voices through their head pieces and were startled until they learned from whence they came.

Dr. C. G. McCaa, inventor of the wireless telephone, made a trip down from New York on the Old Dominion steamer Tyler for the purpose of testing his invention. He yelled through his instrument. "Hello; do you get me?" and almost simultaneously half a dozen wireless operators on as many ships reported hearing strange voices at sea.

The wireless operator at the navy yard heard the voice and soon located Dr. McCaa on the Tyler. Dr. McCaa said he played a solo on a cornet on board the Tyler, and it was heard by a wireless operator along the shore of New York, ninety miles away.

RIOT AFTER COURT VERDICT.

Chicago Crowd Resents Acquittal of Slayer of Partner.

Chicago, June 13.—Men and women joined in a riot in court yesterday when Peter Ruseos, a wealthy ice cream manufacturer, was acquitted of the murder of his partner, James J. Floras.

Floras' widow fainted as the verdict was read. Her sympathizers made a rush for Ruseous. His friends sprang to his aid. Blows were struck, women screamed and men shouted.

Deputies from the Sheriff's office finally stopped the battle. One of the men of the Floras faction was sent to jail under $2,000 bond to answer a charge of contempt. He knocked down Thomas Sturch, a deputy.

Ruesos killed Floras during a quarrel over business. He claimed he acted in self-defense.
